Jennifer Tandoc – email address not required

Description: Learn to art pen-ink in this workshop!

The abstract illustration is similar to Zentangle and Doodle art. It is a fun, easy-to-learn process of creating beautiful images by drawing structured patterns. You don't need to be an artist to create Abstract Illustration Art. The method is based on small geometric or organic elements called “tangles” and involves a process of repeating and arranging them in patterns to create an overall design. Let your mind go and relax in the repetition of drawing intricate, abstract, black, and white designs to add the “Zen” to the tangles in this unique art form. You will learn elemental strokes and how they can be combined into a variety of abstract illustration "Zentangle" patterns. Discover how to integrate and blend the patterns into an overall composition.
