

# Rolando Siguenza Acevedo

*Paisanos frente al Castillo / country people admiring fireworks, 2013,  
Xylography painting*

---

## ARTIST STATEMENT

This engraving is made very carefully on plaque of wood, every cut needs to be precise, and the Application of colour also requires precision.

This artwork is a memory of my visits to a small village in the mountains in Oaxaca Mexico, people are waiting to see and enjoy the fireworks, I'm in front of them, they don't know I'm memorizing.

Their faces and postures, is me watching them enjoying this festivity.
